Hi Rebecca and Michelle,

I just thought I'd bump up my request for a meeting with our coalition of groups working on Willow. Please let us know when might work for you.

Thanks,
Matthew

Hi Rebecca, and Michelle,

I hope that you both are doing well today! I had the pleasure of meeting you, Michelle, back when I was in HQ's Office of Children's Health Protection a handful of years ago, but I don't know that we've had a chance to meet yet, Rebecca. I am writing on behalf of the League of Conservation Voters, Alaska Wilderness League, Center for American Progress, Conservation Lands Foundation, Earthjustice, and The Wilderness Society to request a (virtual) meeting with you, and anyone else you think should be in such a meeting, to talk about the recent EPA letter on the Draft Supplemental Environmental Impact Statement for the Willow Master Development Plan. We collectively appreciated R10's review and recommendations for improving the NEPA analysis regarding climate change and environmental justice. We hope to discuss further your recommendations and the next steps on this project.

Please let me and my colleague and resident Alaska and Willow expert, Leah, know when might be the best times for this meeting and what other information we should provide. Thanks again for your and your team's work on the letter and for considering this meeting request!

Thanks,
Matthew
